FREE

MAKE
FRIENDS

Let your child enjoy a holiday
packed with games, crafts,
music, and new friends!

CLASS : V

Dear Parents,

Summer holidays are not just a break from schoolwork; they are a beautiful opportunity for children to slow down, explore life beyond textbooks, and grow in ways that classrooms alone cannot offer.

This year, we encourage a **screen-free and meaningful summer** for our students. Let this vacation be filled with **curiosity, creativity, and connection**. Encourage your child to learn a **new skill, discover a hobby, help at home, observe nature, and ask questions** about the world around them.

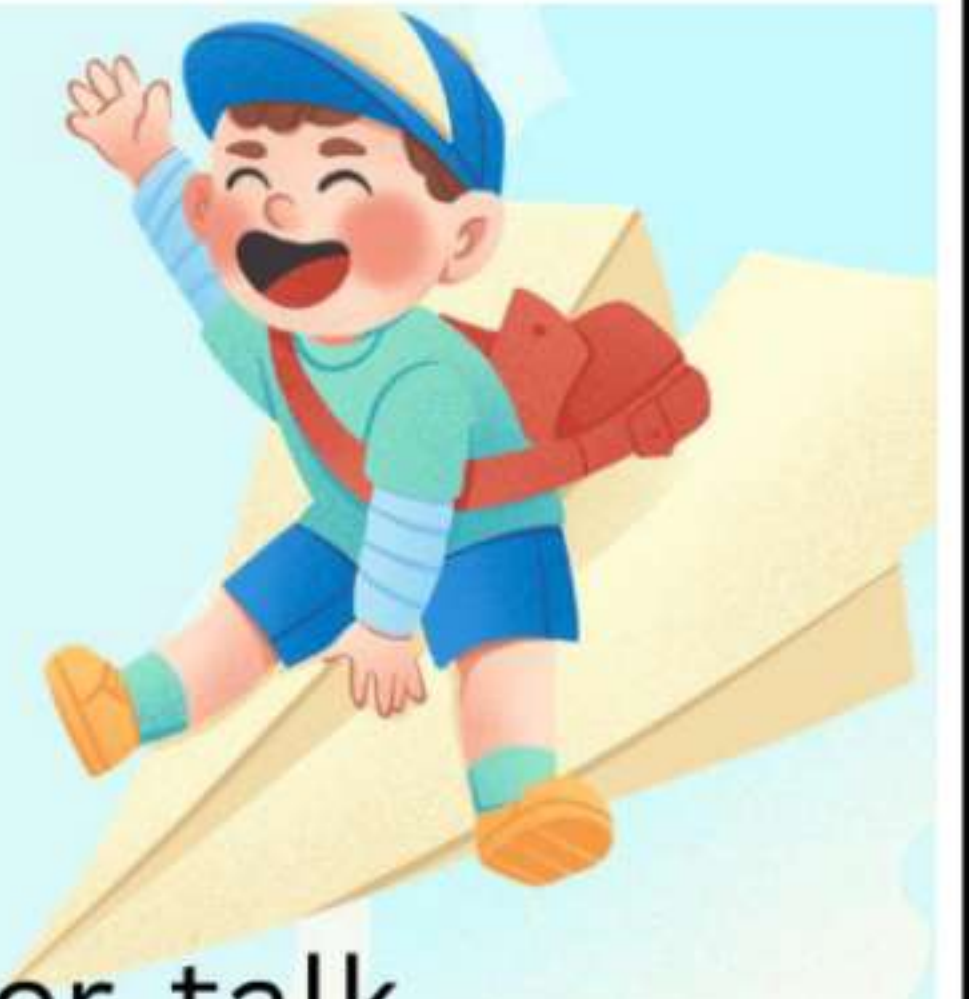

More importantly, let this be a time for **family bonding**. Spend unhurried moments together. Talk, laugh, and share stories.

Give your child the warmth of your presence — sometimes a **simple hug reassures them more than a hundred words**.

We request parents to nurture a few small but powerful habits during these holidays:

- **Read a story to your child every night.** Books open windows to imagination and values.

- **Make meals a family time.** Sit together, talk about the day, and create memories.
- **Encourage conversations rather than screens.** Childhood is too precious to be spent scrolling.
- **Appreciate their efforts and celebrate small learnings.**

Remember, the greatest gift we can give our children is **our time, attention, and love.**

The holiday homework shared with you is designed to be **joyful, creative, and experiential** rather than burdensome. We hope these activities will help children return to school with **new skills, happy memories, and brighter smiles.**

Wishing all our students and families a **safe, joyful, and meaningful summer vacation.**

Warm regards,
Principal
N. K. Public School

SUMMER HOLIDAY HOME WORK : 2026-27

CLASS : V

हिन्दी- (व्याकरण की उत्तर पुस्तिका में कार्य करें।)

- ईमानदार लकड़हारा, दो बिल्लियों और बंदर, शेर और चूहा कहानियों को AI की सहायता से संवाद में परिवर्तित करके लिखिए एवं कहानी से संबंधित चित्र चिपकाइए।
- AI की सहायता से 'मेरे सपनों का विद्यालय' विषय पर एक अनुच्छेद लिखिए तथा उससे संबंधित चित्र चिपकाए।
- AI की मदद से पर्यावरण संरक्षण पर पाँच स्लोगन तैयार कीजिए।

English- (Do the work in Grammar Notebook)

- Write two short poems using at least five rhyming words in each poem.
Poem 1: Related to Nature
Poem 2: Related to Your Family
- Use Artificial Intelligence (AI) on your mobile phone to create or collect pictures showing 10 big changes or goals that you want to achieve in your future life. Arrange all the pictures neatly and make a beautiful collage.
- Look around your home, kitchen, bedroom, drawing room and bathroom carefully. Find different things around you. Write their names with correct spellings and paste/draw their pictures.

Artificial Intelligence -

- Define Chatbots, its types and paste pictures in computer notebook.

Mathematics-

- Make 3D shapes model of cube, cuboid, cone cylinder and pyramid using coloured paper.
- Learn and write tables 2 to 20 in Maths notebook.
- Market survey - Visit a market and write prices of 10 items and paste their pictures. Add total cost and find most expensive and cheapest item. (Do in maths notebook)

**Do one-one page of English and Hindi writing daily.
(Make separate copy for both)**

E.V.S-

➤ Get the printout of the worksheet and solve it.

CLASS-V _____
