HAPPY

# SUMMER HOLIDAY

HOLIDAY HOMEWORK  
BOOKLET

97855 00061 / 97855 00042

Dear Parents and Students,  
Warm Greetings!

The much-awaited summer holidays are here — a 45-day journey filled with joy, exploration, and the chance to create lasting memories. While vacations are a time to relax and recharge, they are also a golden opportunity to nurture creativity, curiosity, and closer family bonds.

To make this summer truly meaningful, we have curated a Summer Holiday Homework Booklet filled with engaging, creative, and thoughtful activities. These tasks are designed not just to sharpen academic skills, but also to encourage children to connect with family members, reduce screen time, and learn valuable life lessons.

Parents, we seek your active partnership in this journey. Your involvement will help your child find joy in learning beyond books, develop social-emotional skills, and create wonderful memories with family.

We have specially included tasks that encourage children to:

- **Spend time with grandparents** — listening to family stories, learning traditional games, or helping them with simple tasks.
  - **Connect with relatives and cousins** — through letter writing, phone calls, or short visits.
  - **Understand the importance of safety and responsibility** — like practicing safe electricity use, turning off devices when not in use, and learning simple home safety tips.
  - **Engage creatively with parents** — through cooking sessions, DIY home projects, storytelling, gardening, and shared reading time.
- 

### Special Parent Assignments:

- **Mother's Time:** Help your child learn a traditional family recipe or craft. Spend one day each week creating something together and documenting the experience.
- **Father's Time:** Organize a weekly "safe energy" project — teach them how to save electricity at home (e.g., switching off lights, unplugging chargers) and create a simple 'Energy Saver' chart together.
- **Grandparents' Moments:** Encourage your child to interview grandparents about their childhood, write a short story, or create a scrapbook titled "Stories from Grandma and Grandpa."
- **Cousins' Connect:** Plan a small virtual or real family gathering where cousins can share a song, poem, or short performance.

Through these shared activities, your child will not only keep learning but will also experience the joy of bonding with loved ones — an education that goes beyond textbooks.

Let's work together to make this summer a safe, productive, and unforgettable experience for our children! Wishing you a happy, safe, and sunny vacation!

Warm Regards,  
Team NKPS
