FOUNDER NK PUBLIC SCHOOL

The foundation of NKPS was laid in 1985 under the guidance of Late Shri R. K. Choudhary. He constantly motivated every resource of NKPS to become one of the most successful and credible educational bodies of its kind in the nation. With over three decades of experience in the field of education, the trust has attracted students from all over the states and abroad also.

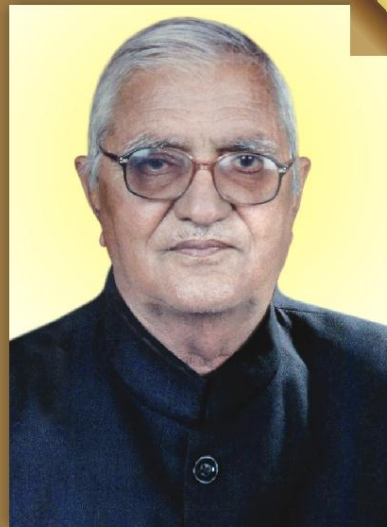

The values & principles setup by Late Shri R.K. Choudhary will remain the driving force for all of us for achieving success and creating best educational environment.

It is under the aegis of Late Shri R. K. Choudhary, NKPS family has grown from 10 students at its inception in 1985 to a current strength of more than 4000 students. Since then NKPS has maintained high standards in academics to sports and co-curricular activities.

It's with his grace that we have been growing rapidly and aggressively, setting bench-marks in the field of education. He is the patron of this school and has provided his tutelage to six educational institutes and other social service institutions across the city.

Some people become example during their life circle. They lay foot prints so that the future generation may follow their ideology. Shri R K Choudhary was one of these personalities.

The school is spreading like a banyan tree and the strong foundation providing enormous power to this tree and fragrance is spreading every where. The NKPS has penetrated its roots very deep.

Late Shri R.K. Choudhary

29th September 1929 - 11th October 2005

Our Inspirer

"Education is the integrated system of overall training which transforms the total personality and broadens the outlook."

The real greatness lies in a pure and simple life. His cherished dream is vividly enshrined in every faculty of NKPS, Jaipur.

Shri R. K. Choudhary saw light of the day on 29th September, 1929 in Saunthali village of Jhunjhunu, Rajasthan and departed to heavenly abode on 11th October, 2005. He kept on nourishing the educational institutions consistently throughout his life span for the traditional values of the human society. He nurtured deep discipline in his behaviour during his tenure in the defence. He served the Royal Corps of the Indian Army. He witnessed many battles with neighbouring countries and was awarded many medals. He remained a symbol of courage and determination among his troops.

The family of NKPS pays their heartiest homage to him who always remained dedicated to discipline, education and human values.

Academics

NKPS designs and implements its own curriculum, based on skills & activities in the pre-primary, primary, middle and senior sections. In the senior section, the syllabus are prescribed by the Board of Secondary Education, Rajasthan, Ajmer, to which the School is affiliated. We try to maintain a teacher-student ratio of 1:15, and the students study in a caring and stress-free environment that makes use of innovative teaching methodologies.

NKPS Provides Right Environment

is an extended house for students. Students here move around with full confidence, discipline & etiquettes. Emphasis is given on a Continuous Comprehensive Evaluation, which covers scholastic and non-scholastic achievements of the students throughout the academic session. Importance is also given to the student's behavior, their development in non-cognitive areas, participation in other co-curricular activities and consistency in attendance.

MANAGING DIRECTOR

NK PUBLIC SCHOOL

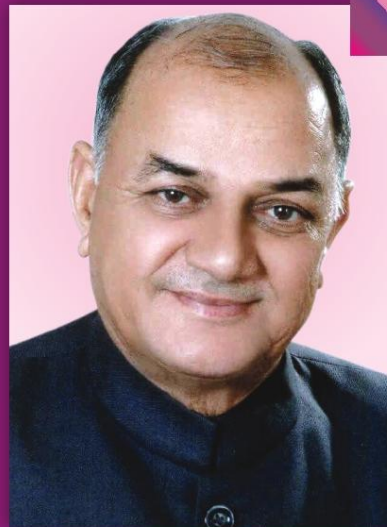

I always believe that education is the most powerful instrument of social transformation and an important means of national development.

It indeed has been a long journey but has been very satisfying and fruitful. This school is a realization of my values and my belief that investment in education is always fruitful for the coming generations.

We have achieved what we dreamt. We have toiled hard and passed our hearts in realizing this dream "NKPS".

As educationist, we need to be extra responsible since we have the power to transform the world by educating the heart and mind of young students, we need to be constructive, innovative, patriotic, farsighted and dedicated to the assigned responsibilities and capable of making our students reliable and valuable assets.

That is why I believe "Education is what remains with us after we have forgotten what we have learnt."

Dr. N.C. Lunayach
Managing Director

The Flag Bearer

"Formal education teaches you how to earn a livelihood, but to make a fortune, you need self education."

I feel really proud that NKPS has come a long way towards the realization of these great-ideals. NKPS was able to take a gigantic leap towards the horizon because of the inspired mission and efforts of our principal and dynamic staff. I am also thankful to our parents for their unconditional support and faith in us. The students of this school carved their niche not only in academics but have also shown remarkable progress in all fields.

I wish the staff members and the students all the best for the success in future endeavours of the school.

Curricular

Subjects Taught :
English, Hindi, Sanskrit, Computers, Mathematics, Social Studies, General Science and Physical Education.

Utkarsh: Secondary School: Classes IX and X

The academic programme which is decided by the education department and board of secondary education is strictly followed for the secondary classes.

Subjects Taught: English, Hindi, Sanskrit, Mathematics, Social Studies, General Science, Computer and Physical Education, Rajasthan Adhyayan.

Pravaran: Senior School: Classes XI and XII

The academic programme concentrates on providing a specialized educational experience in a nurturing and challenging scholastic environment. In addition to compulsory English, Hindi, students have to choose three elective subjects from the stream they take.

Science : Physics, Chemistry, Biology, Mathematics.

Commerce : Accounts, Business Studies, Computer Science, Mathematics and Economics. Study of Rajasthan Adhyayan is also mandatory for all.

Ankuran: Pre-Primary :

Classes - Nursery, L.K.G. and U.K.G.

The philosophy behind Ankuran is, "We play as we learn and we learn as we play". Goals are set in a programme consistent with the early stages of a child's development.

The strategy used is that the letters of the alphabet are introduced phonetically, which leads to identification, recognition and reading. Various activities are planned to reinforce these concepts. Teaching is thematic and linked. Functional English is introduced.

The programme imparts linguistic, creative, numerical, social / interpersonal, motor and kinesthetic skills leading to the development of intellectual, physical, cultural, artistic and communication skills in a free and stimulating environment.

Pallavan: Primary School: Classes I to V

These classes have an integrated academic programme devised to inculcate confidence in the child. The environment is communicative and children are motivated to express themselves. Reading is a vital part of the programme. Children are encouraged to ask questions.

Subjects Taught : English, Hindi, Mathematics, Environmental Studies, Social Studies, Computers, General Knowledge, Art, Music, Dance, Games and Heritage Study.

Unnayan: Middle School: Classes VI to VIII

The academic programme is designed to develop formal study skills and strong work habits since the demands of an external examination are more immediate. Classroom technique like pair and group work and role plays are used to develop communication skills.

DIRECTOR NK PUBLIC SCHOOL

"Education is all about being a better human and a better citizen". There is no simpler way to teach children to be a better human. All we need is to teach them to be passionate, patient, considerate and value feelings of each other.

Society is a fluidic state, It undergoes transformation from a stable and tranquil to a vibrant and turbulent one. We as educationist have a greater role to play. The teachers of NKPS are groomed to be a mentor, a Coach. They are always an "Encourager" and "Motivator" to the student.

The students of today's era are technologically more advanced. They are more involved with the latest gadgets and get less time to interact socially. They have their own personal sphere where they do not want any kind of interference. We have the prime responsibility of taking out the children from this invincible shell. We should develop such a faith and confidence in them so that they are able to share their inner feelings.

Kuldeep Singh
Director

The Youth's Zeal

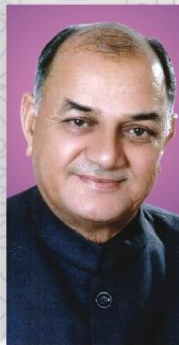

Coming together is a beginning,
keeping together is progress,
working together is success.

I would like to tell the parents to lower their expectation level from their child and create such an environment at their home so that their child discusses and share his/her feelings with you.

We at NKPS believe in team work and conduct lots of activities and events throughout the academic session for the student, this improves their productivity, builds interdependence and trust, fosters problem solving skills in a collaborative manner, improves morale and leadership skills and ultimately makes them more creative.

MANAGEMENT COMMITTEE NKPS

Dr. N. C. Lunayach is an educationist, philosopher, social worker and above all a good human being with kind heart. He is committed to impart education among children to groom them into disciplined, intelligent and dedicated citizens for the nation. He sacrificed his well reputed government job to promote education among the new generation.

He did not only visualize bright future for the children but for old aged persons also. Their pitiable condition shook his conscience so he gave a deep thought on it and laid the foundations stone of Home for Senior Citizen - "Sandhya Need" at Dhodsar village on NH-11. The N K Sikshan Sankul is prospering with leaps and bounds under his dynamic guidance.

Dr. N. C. LUNAYACH, Managing Director

Mrs. Kamla Lunayach is a soft spoken and kind hearted lady. She has a vast experience in teaching and administration. She is also a well known social worker. She extends her support as an inspirer to Dr. N C Lunayach to bring the best for students and fulfill the plans formulated.

The line diagram of academic progress is inclined upwards due to her firm decisions and efforts.

Mrs. MANISHA CHOUDHARY
Director

ADVISOR NK PUBLIC SCHOOL

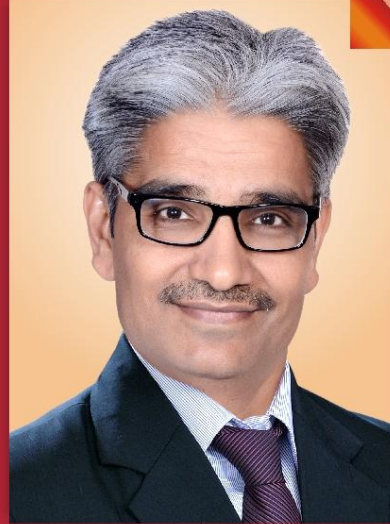

"Education makes people easy to lead, but difficult to drive, easy to govern but impossible to enslave."

Each day when I walk the school aisle, I hear the chatter of eager minds, the excitement from the victorious athletes, the thump of dance feet and the sound of melodious voices harmonizing. We with a different perceptive, allow our students to relish their childhood.

We value individualism and try to inculcate creativity, innovation and confidence. Beside rigorous scholastic programmes, the school has marked its name in all spheres such as art and craft, music, variety of sports, environmental conservation activities and the list goes on. We give our nobilians the best possible opportunities in order to bestow them with holistic development. Whether the student is an introvert or an extrovert

personality, the aim is to nurture the child into self-motivated individual. We will continue to strive in producing reliable citizens of the country who will go out into the world and make us proud.

There are challenges ahead of us, however, keeping in mind our school motto: 'Goodness before Greatness' will surely make a great difference. I am certain with the support of staff, parents and students the school will reach greater heights in the years to come.

Skills We Groom

Leadership Skills

To achieve our larger goals of creating conscientious and responsible citizens, we endeavour to develop confidence and leadership qualities in our students. By the time our children graduate from NKPS, they would have evolved into leaders who have a sense of empathy and compassion for those not so fortunate as themselves. The aim of the school's prefect system is to teach the older students to care for the younger ones, and not merely to enforce discipline. The Student's Council, consisting of elected student leaders, ensures a link between the student community and the Faculty. Students are sensitized to the hallmarks of leadership like self-discipline, self-control, social awareness, positive thinking and responsibility towards the environment, community and the nation.

Communication Skills

The ability to communicate correctly, clearly and positively is the key to achievement and success.

Accordingly, the school has evolved a communicative environment where children get ample opportunity, formal and informal, to hone their communication skills. Classroom techniques like group work.

PRINCIPAL

NK PUBLIC SCHOOL

I feel privileged and inspired by the opportunity to lead a school which has a profound visionary philosophy at its core.

A dynamic and rigorous academic programme which aims at engaging students mind in all disciplines, leading to excellence, is the landmark stone of the School's academic philosophy.

It is our endeavour to initiate a programme which leads to inquisitiveness, debate, extensive writing and research - all important processes that stimulate the acquisition of knowledge.

The school firmly believes that no society can claim greatness and sustain long if its foundation is not built upon a strong ethical base. The School therefore lays strong emphasis on the moral, aesthetic and intellectual growth of every individual.

Education alone can play an important role in shaping human values, a humanistic approach, democratic and liberal ideas. The school values emphasis on service and responsibility to the society and environment.

Ms. Chitra Raje Basera
Principal

The Femme Expertise

"Vision without action is just a dream, action without vision, just passes the time but, vision and action together, can change the world"

The school has an obligation to produce future leaders who are upright and clean, compassionate and generous and possess necessary skills and vision to lead the country into the advance century.

Our programme is therefore designed to enable the students to understand their role in the society while respecting the identity of all.

Everything that the school provide convinces me that we are on our way of creating a model educational institution which would successfully meet the challenges & set new benchmark in the field of education.

Developmental Activities

Keeping up with the theory of Multiple Intelligence, we believe that every child has some latent talent and we seek to make them aware of this. We offer a wide range of activities so that children can discover their interests and learn new skills.

Sports and Games

Students at NKPS enjoy facilities of uncompromising quality on the sports field at our Rajawas Branch. The games curriculum at NKPS is an extension of our belief that physically fit individuals are mentally fit citizens. This is a compulsory part of the educational process. We do not dismiss players due to a lack of talent. We believe every student deserves a chance to play.

Games and Sports develop the whole person, leading to the creation of self-worth, pride, group commitment, teamwork, individual discipline and proper attitude. A well-structured sports programme also results in mental and physical toughness. The outdoor games programme offers Cricket, Football, Basketball, Volleyball, Athletics whereas indoor games comprise Table Tennis and Badminton. Inter House and Inter School tournaments provide students with the opportunity to meet competitive challenges.

Decision Making and Thinking Skills

Character, Discipline and Value Education

The value of inner discipline and the belief that the ultimate aim of civilization is a well-ordered life in a peaceful society are, at all times, conveyed to the children. Value education classes are aimed at instilling a sense of morality and ethics. Activities that promote team spirit, fellowship and self-control aid the formation of character in our children.

We believe that it is important for our children to learn to think for themselves. As such, they are encouraged to ask questions in class and not be passive recipients of information. They are also put in situations where they have to use their innovative, imaginative and organizational skills. A structured programme aimed at the development of problem solving and thinking skills is being developed.

Teacher Orientation and Training

Our teaching faculty comprises caring, dedicated and knowledgeable educators who prefer to form, rather than inform, minds. Regular in-service training is provided in order to upgrade teaching skills and to stay abreast of the latest in pedagogy. Highly qualified and experienced teachers at NKPS have the ability to create a motivational environment. Our teachers at school:

- Support pupil's learning
- Meaningfully engage students in stimulating activities
- Provide personal and pastoral care
- Support special educational needs
- Improve unacceptable behaviour

Student Prefects Council

The main aim of the Council is to address the needs and concerns of the entire student body. Thus, they develop confidence and other leadership qualities like self-discipline, self-control, social awareness, positive thinking and responsibility towards the environment, community and nation. The Prefects of our School are selected by the Faculty and the House Staff. Our Professional system is made up of the School Captain, House Captains, Head Boy, Head Girl, Deputy Head Boy, Deputy Head Girl, Games Captain for Boys and Girls and the House Prefects.

The duties of the Prefects are summed up in their oath when they "solemnly promise to maintain discipline, lead in the right way and uphold the honour and good name of our school. They also "Promise to fulfill their duties loyally and impartially". They learn, as they work as Prefects that with authority comes responsibility and all its associated challenges. The older students learn to care for the younger ones. We hope to achieve our goal of creating conscientious and responsible citizens. The Prefects are advised and guided by the House Masters.

N. K. PUBLIC SCHOOL

ARYA NAGAR, MURLIPURA, JAIPUR

Personal Counselling

This is a very important and integral part of our School. We have in-house Counselor and a team of teachers who provide pastoral care to all the children. No child is allowed to feel the stress of growing up. The counselor holds sessions with both boys and girls, preparing them for the natural physical changes that they go through and helping them to understand and cope with psychological and emotional stress. Children are taught to take on the challenges of academic pressure. We want our children to be strong, caring, compassionate, and unafraid to face the challenges and stresses of the outside world.

Classrooms

Classrooms are bright, airy and spacious. Furniture has been specifically designed for different groups. No section has more than 50 students.

Scholarship

Scholarship is awarded by the school management for the Board Class meritorious students who are in merit list at state level including new admissions from other schools. The school management committee gives a cash reward of 11,000/- to the students of X and XII who stand in the state level Board merit list from the school.

The school management committee has declared the following scholarship for the genius students of class X (Payable for one year only) provided, they continue their study in this school till class XII. (If they leave the school after taking scholarship without completing XII class for what so ever reason,

then they have to deposit back the scholarship availed by them to the school. T.C. will be issued only after depositing back the scholarship availed by the student.)

Class X :

-₹ 1100/- to those who achieve 80% to 85% marks.

-₹ 2100/- to those who achieve 85.1% to 90% marks.

-Above 90% will be allowed free of cost study.

*New admissions with above 90% marks will have to deposit admission fee.

Note:

1. The students of this school, who seek admission in other schools, will not be given above mentioned scholarship.
2. The scholarship will be given to the students in a special programme through cheque.

Library

A well furnished library is functional with more than 3000 books, periodicals, encyclopaedias, educational CD's and journals to cater to the need of reader. Students are being encouraged to read books beyond prescribed curriculum to broaden their intellectual horizon. The peaceful and tidy atmosphere of library is ideal for promoting the reading habits of the students. It has a capacity to accommodate 60 students at a time.

Career Planning and Counselling

In today's fast growing world, it has become difficult for a child to groom himself/herself for the career of his/her choice due to pressure from the peer group as well as parents. Students also develop lot of issues that concern them physically and psychologically. The school has a professionally trained counsellor who takes care of the child's requirement and provides solutions to their queries. The school also organizes various career planning and counselling sessions by renowned career counsellors.

Music, Art & Craft

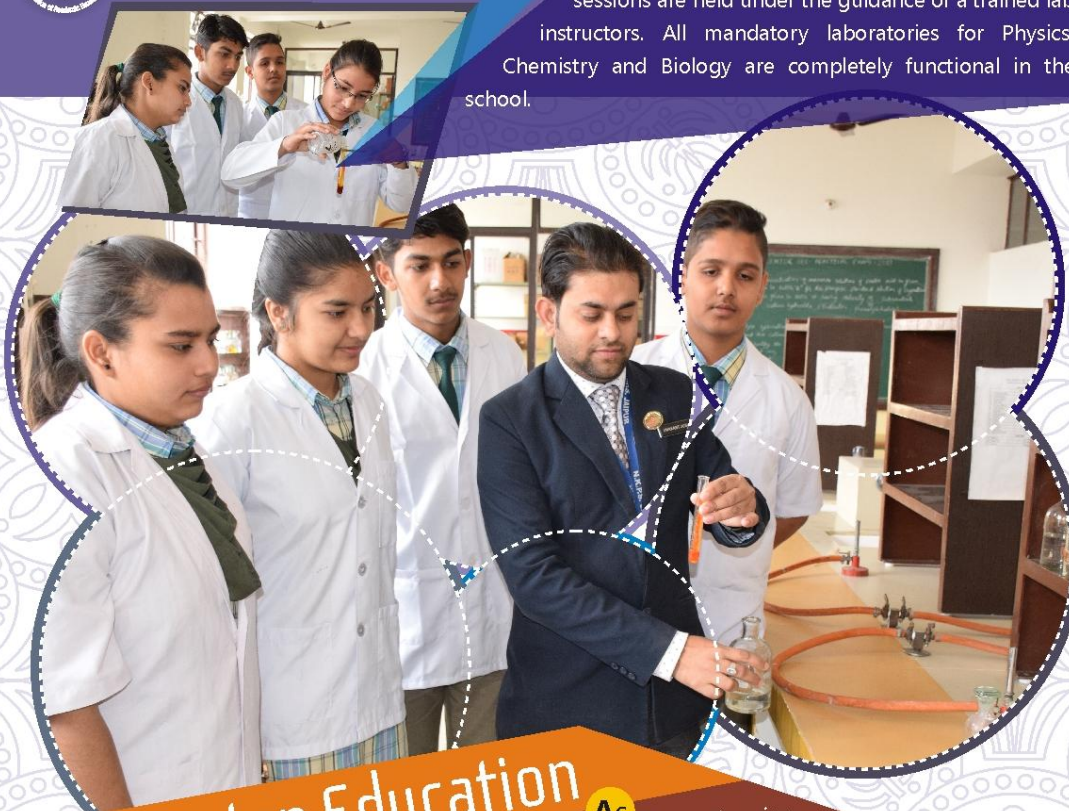

School provides facilities to learn music and dances of various states of distinct culture of our country. This develops a feeling of national integration and sense of belongingness for the nation. For searching out hidden talent of students and develop their skills in Art and Craft, Screen Art & Commerical Art, the School engages several experts from related fields. The Art and Crafts room is a unique hub under the expert guidance of teachers from NKPS. The school provides ample opportunities to the students to hone their skills and polish their passion for Applied Arts in the field of fine arts.

Laboratories

To ensure an ambience for innovative, creative and contemporary pedagogy, the theory classes are being supplemented with practical knowledge. Regular lab sessions are held under the guidance of a trained lab instructors. All mandatory laboratories for Physics, Chemistry and Biology are completely functional in the school.

Computer Education

As we are stepping into an era of explosion of knowledge, we have to meet challenges of technologically advanced society and keep pace with the emerging international trends. The school offers its students an opportunity to learn computer and for that school has full fledged computer labs.

IT skills have now become a necessity owing to the increasing use of computers in our daily life. At NKPS Computer Education is compulsory from the very beginning. Campus internet connects every building and supports live management and educational facility for students and faculties.

Inter House Competitions

Canteen Facility

To cater to the requirement of student, the school has a canteen facility within the school campus to provide quality snacks and the different forms of Indian food items served in a neat and hygienic environment.

Along with the academic structure, the school provides a wide spectrum of inter house activities enticing and encouraging each student to participate according to his/her aptitude, liking and talent.

The strength of the school is divided into four houses viz. Rigveda, Atharvaveda, Yajurveda & Samveda House. The house system ensures a healthy atmosphere of Inter House scholastic and non-scholastic competitions at the junior, middle and senior levels. The intramural and extramural activities throw open new vistas of learning to all students. This infuses in the students a sense of belongingness, responsibility along with a spirit of healthy competition. Students are given ample opportunities to participate & excel in the field of their interest. Through these activities the intrinsic skills of the students are scanned, polished

& given exposure. Various competitions ranging from academics to cultural, individual to mass participation help the students to inculcate in themselves the traits of leadership and sharing of responsibility aspiring them for the best of their efforts in every participation.

Our Aim and Aspirations

- ◆ Academic Excellence Leading to Holistic Growth
- ◆ Blending of Tradition and Technology
- ◆ Contemporary Education Structure
- ◆ Democratic Outlook that Endorses Self Discipline
- ◆ Effective Communicative Skills in Various Languages
- ◆ Fathomless Inborn Creative Techniques that Stimulate Self Expressions
- ◆ Growth with Consistent Learning
- ◆ Harmony of Head and Heart
- ◆ Individuality of ideas
- ◆ Joie de vivre Leading to Complete Personality make over
- ◆ Knowledge that Changes Lives

Clubs and Societies

The school's curriculum has been designed to develop leadership, spirit of adventure, inquisitiveness, self reliance and self esteem. Students are encouraged to pursue their area of interest by joining various societies and clubs of the school. There is a wide range to choose from:

- Hindi & Sanskrit Literary Society
- Music Club
- Numismatic & Philately Club
- Electronics Club
- English Literary Society
- Infirmary Club
- Arts and Crafts Club

Functions and Celebrations

Besides the traditional festivals showcasing the vast kaleidoscope of the cultural diversity, the anniversaries of martyrs and luminaries are also celebrated. The commemorative days and other special events sensitizing youth towards issues of national and international concerns are also not missed in myriad school programmes.

Founder:
Dr. N. C. Lunayach

Our

managing Director Dr. N C Lunayach is also a social worker. He has a number of social visions in his mind. The home for senior citizen is also his one of the visions. He decided to give a practical shape to this exotic and beautiful dream. He laid down the foundation stone of the old age home (Sandhya Need) in 2008 located at village Dhodsar on NH-52 Jaipur-Sikar Highway. The building is functional and the elderly have already started living there. Here every required facility with homely atmosphere is provided to the occupants of Sandhya Need. They will not feel lonely, depressed and deserted.

Many social minded people and agencies are coming forward to give a helping hand to Dr. Lunayach for making his mission successful. Our family of NKShiksanSankul is also trying to help the mission.

The Parent Community

Parents play the most important role in bringing up children. The School and Parents at NKPS join hands together to create a purposeful atmosphere that promotes good learning to bring out the best in our children. Together we teach them to accept difference and help them to develop values that are respected and admired in all cultures around the world.

We expect parents to use the following strong bridge for communication between home and school.

1. Student's Diary
2. Individual Parent-Educator/Parent-Principal meeting to discuss concern about their child's progress.
3. Regular sms/circulars/newsletters
